P. D. GAIHA, Under Secy..

New Delhi, the 21st May 1964

S.O. 1956.—In pursuance of section 36 of the Employees' State Insurance Act, 1948 (34 of 1948), the Revised Estimates for the year 1963-64 and the Budget Estimates for the year 1964-65 of the Employees' State Insurance Corporation as finally adopted by the said Corporation are hereby published for general information.

EMPLOYEES' STATE INSURANCE CORPORATION REVISED ESTIMATES'
FOR THE YEAR 1963-64

AND

BUDGET ESTIMATES FOR THE YEAR 1964-65

At their meetings held on the 5th and 6th February, 1963, the Standing Committee and the Corporation approved the Budget Estimates of the probable

receipts and expenditure of the Employees' State Insurance Corporation for the financial year 1963-64. These were approved by the Central Government without any change vide the letter from the Ministry of Labour and Employment No. 4(12)/63-HI, dated 13th March, 1963.

2. The Budget Estimates approved by the Central Government covered:

- (i) measures needed for the running of the Scheme in various centres where it had already been implemented; and
- (ii) measures needed for the extension of the Scheme to additional areas.

3. When the Budget Estimates for 1963-64 were framed, it was anticipated that (i) the Scheme would be extended to new areas and (ii) medical care would be extended to the families of the insured persons as per programme detailed in Statement 'B' attached, and from the dates shown against each item in Columns 5 and 7 thereof. However, due to administrative and other difficulties in making adequate medical arrangements by the State Governments concerned, the programme of implementation and extension of medical care to the families had to be modified. The Scheme was actually extended to some of the areas from dates later than those originally planned as per details shown in Column 6 of the Statement 'B'. As regards the areas where the Scheme has not so far been implemented, the revised dates of implementation, as now anticipated, have been stated against each item in appropriate columns of the above Statement. The dates from which the medical care has been extended or is likely to be extended to families have been similarly indicated.

4. As a result of further discussions and correspondence with the various State Governments, it is now anticipated that the Scheme will be implemented in new areas in 1963-64 and 1964-65 from the dates as shown in Appendix-I. For the sake of convenience, the places where the Scheme has already been implemented in the past, with the dates of implementation, have also been embodied in this Appendix. The number of employees already covered or proposed to be covered has also been revised in the light of the latest information available and incorporated in Appendix-I. The dates from which the medical care has been extended or is likely to be extended to the families of the insured persons have also been indicated against each item in this Appendix.

5. The Revised Estimates for 1963-64 and the Budget Estimates for 1964-65 have been prepared in the light of the revised programme of implementation. The figures of actual expenditure during the three financial years 1960-61 to 1962-63, the sanctioned budget estimates for the current year 1963-64 and the actuals for the first eight months of the current year 1963-64 have also been exhibited in the relevant columns of the tabulated Budget Statement 'A'. These are submitted for consideration and approval.

6. The Statement 'A' depicts in its column 9, the figures of Revised Estimates 1963-64 and in column 10, the figures of Budget Estimates 1964-65.

7. (a) Brief explanations for the more important items under the various heads are furnished in the following paragraphs. The Income and Expenditure Account for the year ending 31st March, 1964, together with the Balance Sheet as on that date and the Income and Expenditure Account for the year ending 31st March, 1965, together with the Balance Sheet as on that date have been cast based on the figures of incomings and outgoings as anticipated in the Revised Estimates 1963-64 and the Budget Estimates 1964-65 respectively. These are enclosed for facility of perusal. In addition, the following statements are appended:

ACTUALS

- (1) Statements showing the income and expenditure regionwise for the year 1960-61 Appendix II A & B
- (2) Statements showing the income and expenditure regionwise for the year 1961-62 Appendix III A & B

- (3) Statements showing the income and expenditure regionwise for the year 1962-63

Appendix IV A & B.

BUDGET

- (4) Statements showing the anticipated income and expenditure regionwise for the year 1963-64

Appendix V A & B.

- (5) Statements showing the budgeted income and expenditure regionwise for the year 1964-65

Appendix VI A & B

(b) The transactions shown under the heading 'Headquarters' in the above statements include expenditure on certain centralised items incurred in respect of Regional and Local Offices also, e.g., contributions to the Provident Fund of the employees of the Corporation and Pension Reserve Fund, leave and pension contributions payable in respect of Government servants on deputation to the Corporation, publicity, expenditure on contribution stamps, and audit fees, etc. etc.

8. Provision on account of Employers' Special Contribution, which is payable quarterly in arrears, has been made @ 2½% of the total wages of the employees in the implemented areas and at 1% of the total wages in non-implemented areas. The provision under Employees' Contribution comprises contributions at the scheduled rate from the employees of all implemented centres for the whole or part of the year depending upon the respective dates of coverage.

9. (a) The provision under the head 'A-Medical Benefits—(i) Payments to State Governments as Corporation's share of expenses on medical treatment initially incurred by the State Governments' is intended to cover the Corporation's share of the total expenditure on medical arrangements initially incurred by the State Governments concerned. Provision has been made at the agreed rate of 7/8th of the total expenditure from the date from which the medical care is extended to the families of the insured persons and at the agreed rate of 1/8th of the total expenditure where no such extension has taken place.

(b) The provision made under the head 'Medical treatment and care and maternity facilities (expenses incurred direct by the Corporation)' represents the estimated cost of administration of medical care to the insured persons and their families in the Union Territory of Delhi, taken over by the Corporation with effect from 1st April, 1962. Out of the total provision made under this head in the Revised Estimates for 1963-64 and Budget Estimates for 1964-65 an amount of Rs. 1·25 lakhs is to be spent in each year on beds reserved for insured persons in Irwin Hospital and S.J.T.B. Hospital, Delhi. This amount of Rs. 1·25 lakhs represents the 7/8th share payable by the Corporation. Further each Insurance Medical Officer is paid Employees' State Insurance Allowance @ Rs. 100 per month, expenditure on which account is to be wholly met by the Corporation. It is estimated that the total disbursement of Employees' State Insurance Allowance in Delhi will amount to Rs. 1·02 lakhs in either year. The balance of expenditure provided for in the Revised Estimates 1963-64 and Budget Estimates 1964-65 is shareable between the Corporation and Delhi Administration at the agreed ratio of 7/8th and 1/8th. The anticipated recovery at the rate of 1/8th of shareable amount has been accounted for in the Revised Estimates 1963-64 and Budget Estimates 1964-65 on revenue side under the head 'State Governments' share towards medical treatment and care initially incurred by the Corporation.'

REVISED ESTIMATES FOR THE YEAR 1963-64

RECEIPTS

10. (a) The total amount of ordinary revenue for the current year 1963-64 is now estimated at Rs. 1521·81 lakhs as against Rs. 1468·11 lakhs assumed in the Budget i.e. an increase of Rs. 53 lakhs approximately.

(b) The increase of revenue under Employers' Special Contribution (Rs. 66·20 lakhs) is due to increased employment in both the implemented and non-implemented areas partly offset by a reduction (10 lakhs) due to non-extension of Scheme as anticipated. There is, however, a reduction under Employees' Contribution (Rs. 16·15 lakhs) which is attributed to the non-extension of Scheme as :

originally envisaged mainly in Gujarat (Rs. 39,13,000) partly offset by the increased employment.

11. (a) The total amount of expenditure on revenue account in the current year 1963-64 is now estimated to be Rs. 1266.60 lakhs against Rs. 1207.81 lakhs assumed in the Budget, i.e. an increase of Rs. 58.79 lakhs approximately.

(b) The increase in expenditure of Rs. 58.79 lakhs is made up of enhanced provision for Cash Benefits (Rs. 51.12 lakhs) and for Administrative expenses (Rs. 17.48 lakhs) partly offset by fall under Medical Benefits (Rs. 9.20 lakhs) and C—Other Benefits (Rs. 0.61 lakhs).

The increased provision under 'Cash Benefits' is due to actuals showing a rising trend presumably because of increasing incidence of sickness.

The fall in the expenditure on medical benefits is mainly due to the non-implementation of Scheme as planned, particularly in Gujarat (Rs. 17,06,000), delayed extension of medical care to the families of insured persons and the expenditure in certain regions where the medical care was newly extended to families being less than anticipated, e.g., West Bengal (Rs. 13 lakhs), partly offset by an increase in expenditure on Medical benefits in certain States, e.g., Maharashtra (Rs. 17 lakhs), Madras (Rs. 6.92 lakhs).

12. The provision made under 'Other Benefits' is based on the progress of expenditure during the current year. The provision includes a sum of Rs. 19,000 as grants-in-aid to the Bharat Sevak Samaj for imparting of Yoga Education at Delhi, Bangalore and Nagpur for the promotion of health of the insured persons through "Yogasanas".

ADMINISTRATIVE EXPENSES

13. (a) The total expenditure on administration during the year 1963-64 is now anticipated to be Rs. 1,71,81,000 against Rs. 1,54,32,800 originally provided in the Budget Estimates for the year 1963-64.

(b) The increase in Administrative Expenditure in the Revised Estimates (Rs. 17.48 lakhs) is mainly against the head 'Contingencies' under 'A-Superintendence' (Rs. 10,23,000) and 'B-Field Works' (Rs. 5,78,000) and against 'C-Other Charges' (Rs. 4,41,200). Provision against 'Contingencies' has been raised as a substantial amount of expenditure expected to be incurred during the year 1962-63 in connection with the extension of Scheme to various centres in Gujarat and in 24 Parganas in West Bengal was postponed to current year.

(c) Increased provision (Rs. 4,41,200) in the Revised Estimates against 'C-Other Charges' is due mainly to larger amounts included for 'Pension Reserve Fund' (Rs. 3,14,00) and 'Depreciation of Hospital Buildings' (Rs. 1,22,000) etc., debited to Revenue Account.

(d) In this connection, it may be added that expenditure on provisions for 'Depreciation' and 'Repairs and Maintenance' of hospital buildings and dispensaries presently being adjusted under 'Administrative Expenses' is expected to show a steep rise from the year 1963-64 onwards as more and more hospital dispensaries come into being. In accordance with the existing instructions, the State Governments who are actually running these hospitals/dispensaries have been advised to evaluate the standard rent of these buildings and to afford a credit of an equivalent amount to the Corporation by debit to the total expenditure on medical arrangements under the Employees' State Insurance Scheme incurred by them; the latter being shareable between the Corporation and the State Government in the prescribed ratio. The rent received from the State Governments will be adjusted as revenue receipts under 'V-Rent, Rates and Taxes'. The share of the expenditure incurred by the State Governments on the medical arrangements for the Employees' State Insurance Scheme debit able to the Corporation will, as at present, continue to be charged as 'Medical Benefits'. It is necessary however to make adequate provision for the depreciation and repairs and maintenance of these buildings as well as equipment provided therein. Since the provision for depreciation, etc., referred to is not purely of an administrative nature a proposal to open a new Major Head to accommodate these charges is under consideration and necessary proposals in this regard would be submitted to the Standing Committee/Corporation and Central Government in due course for their approval as required under the Employees' State Insurance (Central) Rules, 1950.

(e) It has been decided by the Corporation to introduce a Pension Scheme for its staff w.e.f. 4th December, 1959. Pending finalisation of the Draft Pension Regulations it has not been possible to obtain the final options from the members

of the staff for Pension Scheme. However, a Pension Reserve Fund has been created in anticipation of the finalisation of the Pension Regulations and an amount of Rs. 6,60,000 was credited to the fund in the year 1962-63. The Pension Reserve Fund is to be fed by annual credits calculated on the basis of 12½% of the pay disbursed to the staff opting for the Pension Scheme in a year. The amount credited to the fund during the year 1962-63 represented the difference between the amounts calculated at 12½% of the pay of the entire staff from 4th December, 1959 to the end of 31st March, 1962 and 8½% of pay during the same period, the latter representing the amounts already credited to the Employees' State Insurance Contributory Provident Fund accounts of the staff concerned. Arrears for the period prior to the 4th December 1959 were not credited to the Pension Reserve Fund during the year 1962-63. These have now been arrived at on an adhoc basis and included in the Revised Estimates for the year 1963-64.

(f) The per capita expenditure on the basis of Revised Estimate of Rs. 1,71,81,000 will be Rs. 8.39 per insured employee per annum against the figure of Rs. 7.20 anticipated at the Budget stage.

14. Expenditure on Capital Account.—The amount originally provided for expenditure on Capital Account was Rs. 245 lakhs comprising (i) Rs. 20 lakhs for the construction of office buildings (ii) Rs. 221 lakhs for the construction of hospitals and dispensaries and (iii) Rs. 4 lakhs for the purchase of equipments for hospitals.

(a) **Office Buildings.**—The provision of Rs. 20 lakhs made in the Budget Estimates has been retained in the Revised Estimates for the year 1963-64.

(b) **Buildings for Hospitals and Dispensaries.**—The provision of Rs. 221 lakhs under this head has been raised to Rs. 334.85 lakhs in the Revised Estimates. This is based on trends of payments and information received from State Governments.

(c) **Equipment for Hospitals.**—Provision of Rs. 5 lakhs has been made for equipment for hospitals.

(d) **Staff Cars.**—A provision of Rs. 15,000 has been made in the Revised Estimates for the year 1963-64 for the purchase of a Staff Car for Regional Office, Madras.

15. Loans to State Governments.—The provision of Rs. 30 lakhs under this head has been reduced to Rs. 20 lakhs in the Revised Estimates for the year 1963-64. It would be recalled that a loan of Rupees One crore had been sanctioned to the Government of Maharashtra for the construction of hospitals, etc., out of which an amount of Rs. 23,12,426 has been drawn during the year 1962-63. The State Government have stated that they will require an amount of Rs. 18.79 lakhs during the current year 1963-64 and Rs. 58.77 lakhs during the next year 1964-65.

BUDGET ESTIMATES FOR THE YEAR 1964-65

RECEIPTS

16. (a) Income on account of Employers' Special Contribution (Rs. 896.58 lakhs) which is payable quarterly in arrears has been estimated @ 2½% of the total wages of the employees in the implemented areas and @ 4% of the total wages in the non-implemented areas. The provision under Employees' Contribution (Rs. 750 lakhs) comprises contributions at the scheduled rate from the employees of all implemented centres for the whole or part of the year depending upon the respective dates of coverage.

(b) An amount of Rs. 3.57 lakhs has been included in the Budget Estimates for the year 1964-65 under the head "State Governments share towards medical benefits initially incurred by the Corporation". This represents recovery of the State Governments' share of the total expenditure likely to be incurred by the Corporation on the administration of medical care to the insured persons and their families in Delhi during 1963-64.

OTHER HEADS OF REVENUE

17 A sum of about Rs. 70.83 lakhs is expected to be earned as interest on the investment of the General Cash Balance and Rs. 18,000 as rent from the employees of the Corporation to whom the surplus accommodation available in the buildings owned by the Corporation has been let out for residential purposes.

EXPENDITURE

18. The increased provision under the various heads in the Budget Estimates for the year 1964-65 as compared to corresponding provision in the Revised Estimates for the year 1963-64, is mainly due to:

- (i) the extension of medical care to the families of insured persons;
- (ii) the extension of the Scheme to new areas; and
- (iii) the operation of the Scheme in areas where the implementation was brought about during the year 1963-64 for a full year.

19. (a) **Medical Benefits.**—The provision of Rs. 693 lakhs made in the Budget Estimates for 1964-65, represents the total expenditure likely to be incurred by the Corporation on medical care to 28,22,977 insured employees and 28,08,177 units of their families, as detailed in Appendix-I. The average medical expenditure per insured person varies from State to State. This provision includes the expenditure of Rs. 33 lakhs estimated to be incurred directly by the Corporation for providing medical care to insured persons and their families in Delhi.

The increased provision in the Budget Estimates for 1964-65 over the Revised Estimates for 1963-64 is due to the expected implementation of Scheme in 24 Parganas (2,65,327 employees) w.e.f. 1st March, 1964 and at Ahmedabad and other places in Gujarat (2,95,200 employees) w.e.f. 1st October 1964 and to the extension of medical care to the families at these places after 13 weeks of the date of coverage and also at other centres. Better and extensive hospitalisation facilities with the construction of and functioning of hospitals exclusively for insured persons in various States also accounts for the higher provision.

(b) **Expenditure on Health Education Scheme.**—Health Education Scheme envisages the implementation of a programme of Health Education for the insured persons under section 19 of the Employees' State Insurance Act, 1948. It is proposed to set up a central unit at the Headquarters of the Corporation together with two field units at two pilot centres, one each in the areas covered by the panel and the service systems, and where the medical care has been extended to the families of the insured persons. The expenditure likely to be incurred on the two field units is proposed to be charged to 'Benefits' while the expenditure on the central unit at the Headquarters will be a part of the Administrative Expenditure.

A provision of Rs. 1 lakh was made in the Budget Estimates for the year 1963-64 assuming that the Health Education Scheme would be introduced during the year. It has not however been possible to start the Scheme so far. It is now scheduled to be started during the year 1964-65, for which a provision of Rs. 2 lakhs has been made in Budget Estimates for the year 1964-65.

20. **Cash Benefits.**—Provision made for the various cash benefits is based on the progress of actuals for the first 8 months of the year 1963-64 after making due allowance for the commencement of benefit periods and wages in the different areas. It includes the capitalised values of the total liabilities of the permanent (partial and total) Disablement and Dependents' Benefits already arisen/expected to arise out of the employment injuries occurring in the course of the year.

Expenditure on Cash Benefits in 1964-65 is estimated to be Rs. 6,17,96,000 keeping in view the extension of Scheme to new areas and due dates of commencement of Benefit period at various centres.

21. **Administrative Expenses.**—The Administrative Expenses have been exhibited under two heads, viz. (A) Superintendence, and (B) Field work. Subject to the remarks in para 7(b) above, the head 'A-Superintendence' embraces administrative expenditure relating to the Headquarters and the Regional Offices while 'B-Field Work' covers similar expenditure pertaining to the Local and Inspection Offices.

22. (a) A total provision of Rs. 1,97,58,000 has been made in the Budget for the year 1964-65 for administrative expenses which works out *pro rata* to about Rs. 7.52 per insured employee as against Rs. 8.39 per insured employee in the revised estimates of the current year. The per capita decrease in administrative charges is due to the fact that most of the expenditure on setting up Local Offices in the new areas of 24 Parganas and Gujarat is expected to be accounted for during the year 1963-64. Provision on account of pay and allowances has been made for the posts which have already been sanctioned by the Standing Committee excluding the staff sanctioned for Local Offices and Regional Office in

Gujarat in connection with the implementation of Scheme there except in respect of posts required for certain new centres. The proposals for sanction of posts for the new centres will be submitted separately for approval in due course.

(b) Due to recent upgradation of the classification of a large number of cities for the purposes of drawal of city compensatory and house rent allowances increased payments are likely to result. The extent of additional expenditure involved has not yet been computed. Provision to cover this element will be made in the Revised Estimates for the year 1964-65 in due course.

(c) A statement showing details of the provision made under the head 'Allowances and Honoraria' is attached *vide* Statement 'C'.

23. 'Contingencies' (both under A-Superintendence and B-Field Work) and 'C-Other Charges'.—The various sub-heads under which provision has been made are self-explanatory.

24. Capital expenditure.—

(a) *Office buildings*.—A sum of Rs. 20 lakhs has been provided in the year 1964-65 to cover the cost of plots of land expected to be purchased/acquired in various places and construction of office buildings.

(b) *Hospitals & Dispensaries and Equipment*.—A provision of Rs. 350 lakhs has been made in the Budget Estimates for the year 1964-65 for construction of Hospitals and Dispensaries and Rs. 25 lakhs for equipment of Hospitals. The expenditure has been estimated on the basis of requirements intimated by the various State Governments and sanctions accorded by Corporation to the construction of Hospitals and Dispensaries etc.

25. *Loans to State Governments*.—A provision of Rs. 58 lakhs has been made in the Budget Estimates for the year 1964-65 for the grant of loans to State Governments for the construction of Hospitals etc. The provision has been made for payment to Government of Maharashtra who have intimated that they will require an amount of about Rs. 58 lakhs in 1964-65.

In case, any part of the provision for grant of loans to State Governments is not utilised, the saving shall be surrendered and will not be appropriated for meeting expenditure on other Heads of Accounts.

26. *Cash Balance*.—During the year 1963-64, the revenue surplus is now estimated to be Rs. 255.21 lakhs as against Rs. 260.30 lakhs originally estimated. Funds amounting to Rs. 380 lakhs will be required during 1963-64 for Capital expenditure including Loans to State Governments.

During the year 1964-65, a surplus of Rs. 208.79 lakhs has been estimated. A sum of Rs. 395 lakhs for meeting the capital expenditure and Rs. 58 lakhs for loans to State Governments i.e. Rs. 453 lakhs in all will be required for the construction of Hospitals etc.

The surplus of revenue during both the years 1963-64 and 1964-65 will not be sufficient to meet the requirements of Capital expenditure and loans to State Governments. The actual shortfall will be met by utilising the accumulated reserve of the previous years.

27. The closing cash balance in current account and in hand is expected to be as under:—

31st March, 1964 Rs. 78,77,944

31st March, 1965 Rs. 80,03,644
